WARNING TO ROAD USERS

No.II(1)/TDREI/17/2013.—It is notified for information of the public that in connection with introduction of 25 kv ac electric traction over the section,

OHE on newly laid BG line connecting Veysarpadi and Korukkupet Goods yard including existing BG Road No.3 at KOK-G yard along with new crossovers at Veysarpadi station from loc. VK/35(ch.81.00) to loc. KOKG/41 (ch.418.50) in connection with creation additional terminal facilities at KOK-G yard in KOK-VPY section in Chennai Division of Southern Railway, the height gauges have been erected at all the level crossings with clear height of 4.67m above road level with a view to prevent Loads of excessive height from coming into contact or dangerous proximity to live traction wires.

Public are hereby notified to observe the height Specified above for the purpose of loading vehicles and to see that the loads carried in road vehicles do not infringe the height gauges under any circumstances.

The dangers of a Load of Excessive Height are as follows.

- i. Danger to the height gauge and consequent obstruction to the road as well as the Railway line.
- ii. Danger to the materials or equipment carried or for the Vehicle itself.
- iii. Danger of fire and risk of life due to contact with or dangerous proximity to the conductors.

Chennai-600 008,
18th June 2013.

P. MANI,
*Deputy Chief Electrical Engineer/OHE/Construction,
for Chief Electrical Engineer/ Construction,
Southern Railway, Chennai Egmore.*
