INTRODUCTION OF ac 25KV TRACTION

proforma 10-02

“WARNING TO ROAD USERS”

No. II(1)/TDI/20/2013.—It is notified for information of the public that in connection with introduction of 25 kV ac electric traction over the section on the newly laid track, as part of doubling between Ariyalur and Kallakudi Palanganatham from OHE mast loc. ALU/1061 (km/ch.270/928.30) to OHE mast loc. 294/28 (km/ch. 294/818.000) at 25 kV. 50 Hz. ac single phase system on Villupuram-Tiruchirappalli section in Tiruchirappalli Division of Southern Railway, height gauges have been erected at all the level crossings with clear height of 4.67 m above road level with a view to prevent Loads of excessive height from coming in to contact or dangerous proximity to live traction wires.

Public are hereby notified to observe the height specified above for the purpose of loading vehicles and to see that the loads carried in road vehicles do not infringe the height gauges under any circumstances.

The dangers of a load of excessive height are as follows.

- i. Danger to the height gauge and consequent obstruction to the road as well as the Railway line.
- ii. Danger to the materials or equipment carried or for the vehicle itself.
- iii. Danger of fire and risk of life due to contact with or dangerous proximity to the conductors.
